### Cal OES COASTAL REGION

#### Proclamation of a Local Emergency, Salinas River Lagoon, Monterey County

- On 01/24/19 the California State Warning Center (CSWC) received a Proclamation of a Local Emergency from Monterey County in response of the recent January Storms. Water levels in the Salinas River Lagoon were rising and causing flooding to adjacent private property and potentially threatening human life and property. The Salinas River Lagoon is closed off from the ocean by high sand bars, which do not allow the Salinas River Lagoon waters to flow naturally into the ocean. To mitigate the threat, Monterey County Water Resources Agency cut a ten-foot wide channel in the sandbar to allow the Salinas River Lagoon waters to flow into the ocean.
  - As of 1630 on 01/24/19, Monterey County OES reported that all work had been completed.
  - Monterey County has not requested State assistance.
  - Monterey County plans to ratify this proclamation on Tuesday, 01/29/19.

### Cal OES SOUTHERN REGION

- Nothing significant to report.
